Bloodmobile Turnout Here Disappointing

Mrs. Alvin Moore, Blood Bank Chairman, reports that only 82 pints of blood were collected during the Bloodmobile visit to Grayling Friday, April 5, and that 27 of these were supplied from Camp Lehman. This is one of the poorest showings Grayling has made.

Mrs. Moore stated an attempt would be made to change the time slot for the Bloodmobile's next visit to either 2 to 8 p.m. or 1 to 7 p.m., as quite a few volunteers showed up after the 6 p.m. closing, when equipment had been stowed and personnel dismissed. In spite of distribution of 43 posters announcing the event and many promised donors there were only 5 from outside the city area who contributed. Some new donors were gained, Mrs. Moore said, but the overall turnout was disappointing.

Assisting with the Bloodmobile operation were Dr. Paul Dosch and Dr. Charles Russo of Lewiston, checker Clara Sorenson; registrationists Matilda Cruickshank, Elizabeth Vajda and Edith Long, recorder Evelyn Gardiner, dispatchers Margaret Griffith and Jean Kitchen; nurses aides Beatrice Thayer, Marie St. Germain and Elise Andersen; canteen Margaret Muth, Laura Tinker and Lillian King; blood dispatcher Bill Laurence and Billy Muth; callers Goldie Moore, Margaret Balch, Viola Broadbent and Abbie Madill; nurses Laura Morse RN, Lillian Kitchen LPN, Ruth Nielson RN, Cathy Mason RN, Diane Svoboda RN, and Jacquelyn Ruddy RN.

Lt. Fred Blauw brought 33 men from Camp Lehman, and there was one deputy from the County Jail.

KCC RECEIVES \$30,528 GRANT

Kirtland Community College, which serves the Counties of Crawford, Ogemaw, Oscoda and Roscommon, today announced receipt of approval of \$30,528 Federal Grant under the Economic Opportunity Act — College Work Study program, which is the first payment of a \$50,000 Grant.

The purpose of the program is to stimulate and promote the part-time employment of full-time students in institutions of higher learning who are from low income families and who are in need of the earnings in order to pursue their courses of study.

What this means to Kirtland Community College is that on-campus part-time employment will be available to eligible full-time students in such areas as laboratories, library secretarial and office positions, and maintenance.

The funds will enable a possible 100 students to be employed by the college at the rate of \$1.50 per hour and each will be able to earn a possible \$300 thus paying their tuition in full.

For detailed information regarding the Work Study program, students should contact Edward Harkins, Dean of Students.

To Present "Oklahoma"

On May 9, 10 and 11 the Grayling High School Concert Choir will present the Rodgers and Hammerstein musical, Oklahoma, in the high school auditorium. Leading lady in this year's "Broadway" is Miss Sandy Millikin, daughter of Mr. and Mrs. Floyd Millikin and a senior at Grayling High School. As in the past, tickets can be obtained in advance for reserved seats from the Grayling Pharmacy. Tickets will go on sale on April 25.

"Oklahoma" was first presented by the New York Theatre Guild and opened at the St. James Theatre on March 31, 1943 and played for 2,248 performances, and its gross of \$7,000,000 broke all known box office records up to that time.

In addition, "Oklahoma" received a special award from the Pulitzer committee for introducing into the recording industry the practice of putting on records the entire score with the original cast. The first showing of "Oklahoma" was also an incubator for stars, many of them unknown when they stepped into the play, among whom were Celeste Holm, Shelly Winter, Alfred Drake, Joan McCracken, Bambi Linn and Howard Keel.

Cramton Speaks to Grayling Kiwanians

Members of the Grayling Kiwanis club were challenged Monday evening to take a more active part in partisan politics.

Speaking at the service club's dinner meeting at the Chief Shoppens Motor Inn, Louis K. Cramton, Midland Kiwanian, urged greater involvement in the party of their choice as a form of community service.

Kiwanians are recognized as leaders in their communities for their generous gifts of time and effort in many areas of community betterment," Cramton told his audience. "Politics is a form of community service dedicated to making our American form of self government work for the betterment of our communities. It will work as our founding fathers intended only if the good people thoroughly involve themselves."

Cramton himself a candidate for the Republican nomination for state representative from the 1st district, made no mention of his own campaign interests but urged the Grayling Kiwanians not to dismiss the possibility of some day running for office.

"But you do not have to be a candidate yourself to be an effective, helpful part of our two party system at work," Cramton told them. "Be a part of the service effort that picks and encourages candidates. Get active in the party of your choice and help it pick its candidates. Don't slack and let others who may be motivated by less than community interest pick."

The Grayling Regional Chamber of Commerce has announced a new summer program to be called "Grayling Area Host". The program was detailed at a meeting Tuesday morning, April 9, when gasoline station owners, restaurant owners, and merchants met and unanimously gave approval to a plan that will help in keeping the traveling public in the Crawford County area to view our points of interest, and to take advantage of our recreational resources.

Jack Alef, president of the Grayling State Bank, keynoted the meeting by stating that "He believed that Grayling and Crawford county is the number one tourist and recreational area in north central Michigan." He pointed out to the group attending the meeting that our recreational activities and points of interest for vacationers are varied and are of interest to vacationers of all ages. Our AuSable and Manistee River with the finest canoeing water in the country bring well over 50,000 individuals into the area each season. Our miles of prime trout streams with the greatest number of miles of quality fishing water in the state bring thousands of fishermen into the area.

Our prime points of interest such as the Bear Mt. Recreation Area, Hartwick Pines State Park and Camp Grayling bring many more thousands of visitors to Grayling.

Mr. Alef further reiterated that with the Chamber promoting the meeting that our recreational activities and points of interest for vacationers are varied and are of interest to vacationers of all ages. Our AuSable and Manistee River with the finest canoeing water in the country bring well over 50,000 individuals into the area each season. Our miles of prime trout streams with the greatest number of miles of quality fishing water in the state bring thousands of fishermen into the area.

He outlined the program for keeping these vacationers in our area. First, all gas station owners, restaurants, merchants, canoe liverys, and all businesses dealing with the traveling public will wear "Grayling Area Host" buttons. Secondly, the Chamber will see that all these businesses have the new Crawford County Visitors Guide brochure, and they will be passed out to all out of county cars being serviced by gas stations, and given to downstate people using our food catering places of business. Motel owners will be asked to place the brochures in all rooms every day. Mr. Alef stated, "With a saturation of the brochures in this way, we cannot help keeping vacationers in the area."

Leonard Jensen of Hartwick Pines State Park told the group of the varied points of interest at the State Park, and Charles Kroll spoke of the activities at the Fred Bear Museum and the park activities of Lil' Smokey and the Circle D' Ranch.

Chum Longworth, manager of the Chamber, spoke briefly on the other points of interest in Crawford County and the need for total cooperation for the Grayling Area Host program.

Clyde Borchers, chairman of the Resort and Tourism Committee, closed the meeting by making an appeal to all persons in Crawford County who come in contact with the vacationing public to offer every courtesy, answer any question, and above all to be certain that everyone knows of the points of interest and recreational resources of Crawford County.

Al Roberts Resigns City Assessor Post

Albert L. Roberts, City Assessor, resigned his position with the city as of April 1, 1968. Mr. Roberts has long been associated with the city in one capacity or another. He first began serving as a councilman to the village of Grayling in 1917. He also served on the charter commission to build the present charter of the City of Grayling which was adopted in 1935.

He served for many years as a city supervisor also, as mayor for eight years. He served as city assessor for the past 15 years. As he is known to many friends in Grayling has seen many changes in the city, such as the first water system changing from the old wooden mains to the present cast iron.

He helped in building the sewage disposal plant in 1935 also, in building the city owned electrical plant in 1938. He was very active. He served when the city built its first cement pavements and sidewalks and many other improvements that helped make Grayling the fine city it is today.

It is very seldom that one man can serve a community for such a long period of time and can see that he has been a part of all these wonderful changes. It is a great deal to one man who has been such a devoted citizen and who has served his city well.

On behalf of the city council and myself I wish to take this opportunity to thank Al for his devotion to the city throughout these many years.

Good luck, Al, and may you always keep your interest in city government.

Signed: Alfred L. Jensen, Mayor of Grayling.

Two of the ways during the week have been set apart for special attention.

On Sunday, May 5, the Rev. Charles Kroll and Rev. Robert Haskel will give a special service. Information on the observance of this day will also be announced later.

Catherine E. Forbes - Jack E. Jones Wed April 6

Miss Catherine Ellen Forbes and Jack Eugene Jones were united in matrimony on Saturday, April 6, 1968, in a two o'clock double wedding ceremony at the Michigan Memorial Methodist Church. The ceremony was performed by Rev. Charles Kolb in a setting of white gladioli and white cushion chrysanthemums, with music by Anemaria Bull-buis at the organ. Cathy is the daughter of Mr. and Mrs. James Forbes and Jack the son of Mr. and Mrs. Evert Jones, both of Grayling.
The bride approached the altar in a white Chantilly lace-oversatin knee-length gown, escorted by her father. Her shoulder-length veil fell from a seed pearl-embroidered bow and she carried a cascade of white carnations and yellow tea roses.
Miss Cathella Marshall was bridesmaid, wearing a long-length gown of Nile green cotton with long sleeves, white, white neckline and Nile green headpiece.
Tom Kasegler was best man, with Richard Boyd of Flint and Joseph Walsh of Cassville seating the guests.
Mrs. Forbes chose a blue brocade dress with mauve pink accessories and a sweetheart rose neckline corsage. Mrs. Jones wore a beige and brown print with brown accessories and yellow tea rose corsage.
A reception was held later at Wert's Lone Pine Inn. The buffet table was canopied with white wedding bells and ribbons, and individual guest tables were centered with yellow daisies, daffodils and ivy in white hobnail vases. The three-tiered wedding cake, decorated with pale yellow flowers and topped with wedding bells and lilies of the valley, centered the wedding party table, and was flanked with white glads and mums and white candles. As a final touch white candles in white candelabra and vases of white glads and mums adorned the fireplace.
For the honeymoon at Shanty Creek, the new Mrs. Jones wore a navy sheath dress with a white wool coat and yellow accessories. Cathy is a 1964 graduate of Grayling High, has attended Wayne State U. for two years and is presently a senior at Central Michigan University. Jack returned to Fort Sill, Okla., where he is with the U.S. Army, April 15. He attended Grayling schools and graduated in 1962 from Northwestern Michigan Junior College.

Spring Fire Threat Very High

LANSING — With Michigan's spring season on wild fires off to a sizzling start and no immediate break seen in the high burning hazard, Conservation officials are sounding a special "take-no-chances" alarm for landowners and outdoor users throughout the state.
Milton M. Bergman, the Department's forest fire chief, stresses that scant snow and rain fall since January, the early spring breakup, and recent high winds plus low humidity have combined to make the current fire threat one of the most explosive in a good many years.
"We realize," he notes, "that many residents are anxious to spruce up their yards and cottage grounds by burning debris but we can't over-emphasize that the lid could really blow off this spring unless these people take extra fire safety precautions."
Bergman reports that with conditions being so hair-triggered, the slightest spark can touch off voracious fires which can spread like lightning and burn fiercely. Even if some rains do fall, no one should let his guard down, he adds.
The Department's fire chief explains: "After rains fall, it just takes a few hours of high, drying winds at this time of the year to wipe out their moisture cushion and to whip up another big threat for fast-moving fires."
The first and most important thing that residents can do to help keep the "lid down" on fires is to pick up free burning permits from their nearest Department field office or local fire department before they touch a match to their clean-up projects.
These permits are issued only when burning conditions are not at a high risk level and this provides a built-in safety factor against breakaway fires.
On days when it is safe to burn and these permits are issued, every debris burner can take three more simple but important steps to prevent fires:
1. After making sure that debris is a safe distance from buildings, burn trash in a covered incinerator. 2. Keep a shovel and water can at your side for emergencies and watch over your burn from start to finish. 3. Check what you have burned to make sure your fire is dead out.
Underlining Bergman's concern and the need for pulling these steps into practice are figures which show that 122 wild fires have already blazed nearly 4,000 acres in Michigan this spring. That eclipses last year's record low total when fire losses were held to only 2,819 acres for the entire 1967 season. At this point last year, the statewide fire toll stood at 148 acres.
This year, wild fires have blistered 896 acres in the southern Lower Peninsula, 504 acres in the northern Lower Peninsula, and 44 acres in the Upper Peninsula.
Bergman reports that spring burning projects appear to have destroyed more rural buildings this spring than at any time in the last ten years.

them for you." "If you want to really be effective, you must pick one party or the other under our system — the independent voter is missing the boat — he can only pick what is offered to him at the polls."

"Those who identify with a party and work for it can play a major part in the selection of the best possible candidates — and the better the candidates, the stronger your party will be and the better off your country, state and nation will be," Cramton said.

Cramton told the Kiwanians one of the most important of offices they might consider running for was delegate to the county convention of their preferred party.

"Not only is the Primary election of every bit as great importance as the General election, but the often overlooked county delegate is the key to the selection of not only the party's presidential candidates but also many of the candidates for vitally important state level administrative and educational offices," he said.

State Forensic Finals to be at U of M, May 4

State finals in forensics are scheduled to be held at the University of Michigan, Ann Arbor on Saturday, May 4, 1968. This is the third consecutive year that Grayling High School has been in the state finals. G.H.S. will be represented by Doug Wilson, a senior, who won the Regional Championship in Boys' Extempore Speech, and Debbie Nethers, a sophomore, the Regional Declamation champion.

Also invited to attend are regional alternate, Sandy Millikin in Girls' Original Oratory; Max Tobin in Declamation; Jim Kucharek in Boys' Original Oratory; and Kathy Marshall in Girls' Extempore Speech. Local students along with their forensic coach, Carl Minor, will attend the State Forensic Banquet which follows the state competition.

There is no division of schools by class size in forensics. All schools compete together. As a result the state champions are usually from the larger Class A schools. Grayling, however, has always given a good account of itself, being among the top ten in oratory and humorous reading during the past two years.

Alumni Party Called Off

Due to the lack of response for help on the annual Alumni party, it was decided last Friday evening at the meeting called to not have the party this year.

Jim LaGrow, president of the Association stated, if enough interest is shown, a party may be held in the fall.

Second Housing Meeting Held

The second in a series of meetings to find the answers to the housing problems faced here was held at the Chief Shoppenagons Tuesday, April 18.

Thirty-eight interested citizens were present at the luncheon which was chairmanned by Earl Longworth, Chamber of Commerce manager.

B. J. Fowler, Grayling Township Supervisor, told of a proposed 100 site trailer park subdivision approximately two miles north east of Grayling.

Albert R. Mitchell, executive vice president of Bear Archery, reported to the group the findings of the housing questionnaire which was circulated at the Archery.

The questionnaire asked the preference of the employees to rental units, mobile homes or the purchase of homes.

Seventy-one replies were turned in, roughly 25 percent of those circulated. Fifty-four expressed the desire of purchasing a home, nine for mobile and eight for rental.

Mr. Mitchell also told of the expansion program being investigated at Bear by the Victor Corporation.

At the present rate of business growth, 80 to 100 more people will be needed by 1980, while another 60 to 75 by 1970, he said.

The decision from the parent corporation is expected within the next couple of weeks.

When Mr. Mitchell was asked if he thought that Victor might underwrite some of the housing programs, he said, "That he felt this should be a community undertaking, and not up to the company."

Joemar Smith of Lansing and a principal of Hallmark Homes of Niles, then spoke to the group on the housing problem that faces the entire United States. He also showed slides and explained the Hallmark Homes which can be brought in and put together in a day.

Another meeting is scheduled as a noon luncheon at Chief Shoppenagons on Tuesday, April 30. Plan now to attend.

Girls' physical education teacher, counselor, special education

(1) Girls' physical education teacher: This year we were unable to hire an instructor for girls' gym classes so filled in with three of the men teachers handling three girls' phys. ed. classes and Mrs. Joan Ferguson as locker room attendant. For next year, Mrs. Ann Moore who is now teaching in East Jordan has been hired.

(2) Counselor: At the present time Robert Boyce is in charge of counseling, guidance and testing. There are 586 students in the upper six grades which is too many for one man to do an effective job. Another man or woman is needed to adequately take care of the counseling and guidance of students.

(3) Special Education: Children with an I.Q. between 50 and 80 need special help from a teacher who has special training. Next year we plan to hire a special education teacher for the lower and middle elementary grades. By law one teacher may not have more than 15 children and must have a special room with special equipment. We do not have a teacher yet and they are very scarce so if you know of a teacher with special education certificate who would (See School Budget — Page 8)

"Oklahoma" Tickets on Sale Starting Today

Larry Beery

Tickets for the forthcoming Broadway musical "Oklahoma" which will be presented by the vocal music department of the Grayling High School will go on sale today at the Grayling Pharmacy. The show is open to the public on two nights, Friday and Saturday, May 10 and 11 and all seats are reserved. Be sure to pick yours up early if you want choice seats for either performance.

The lead in this year's musical will be played by Larry Beery, a senior member of the concert choir and son of Mr. and Mrs. Eli Beery. Larry is also a member of the Singing Vikings.

a new all male vocal group which has become very popular throughout the area. Larry plays the role of Curly, a young cowboy of the Oklahoma Territory who falls in love with Laurey Williams (Sandy Millikin), a homestead farmer of the same area.

Until the coming of "My Fair Lady," "Oklahoma" held all box office records. "Oklahoma" opened at the St. James Theater in New York on March 31, 1943 and played for five years and nine weeks, a total of 2,248 performances. After the end of the New York engagement the company went on tour, covering 79 cities in 51 weeks. Then there was a national company traveling for 10 years, appearing in about 250 cities before an estimated audience of 10,000,000 and grossing about \$20,000,000 in box office receipts. In London, "Oklahoma" had the longest run of any play in the 287-year history of the Drury Lane Theater.

Doors to the "theater" will be open at 7:15 p.m. on May 10 and 11 and a great deal of effort is being taken to create a true theater atmosphere. So plan now, which night you plan to see "Oklahoma" and get your reserved seats early. Any tickets not sold at the Grayling Pharmacy will go on sale at the box office the night of the performance, but remember, the early buyer gets the choice seats.

May Festival Friday, May 3

"Snow White and the Seven Dwarfs" will be the theme of this year's Annual May Festival. The Grayling Elementary School will present their program on May 3, 1968 at 7:30 p.m. in the Grayling High School gymnasium. Admission charges will be 50¢ for adults and 35¢ for children. Tickets will be available in advance from sixth grade students or at the door.

Huckleberry Hank Sez

Hobbs the Visitor
To Crawford County

Was sitting on a log the other day, spoiling in the sun, read in the local paper and saw where the Chamber had a new summer program they were fingerin' on doin'. Kind of struck me that a program of this nature might bear a lot of fruit and bring some extra cash into our Crawford County.

Long as I been here, with opening of Trout season our winter settin' by the fire season ends and spring has truly come regardless of the weather. And with the opener we get all our friends from downstate and out-state coming up to our country to enjoy what we take for granted but something they dream of all durin' their sloppy, smoggy, sooty winter.

Guess it would be real refreshin' to come into our country and be greeted with old fashioned hospitality after what they been thru.

This one fellow said in the article that our AuSable country was great and couldn't be beat. Well, he couldn't have been more correct. We do a lot of livin' in this country, and we have and do a lot of things that our downstate friends can't until they come up here.

The other fellow says we ought to offer every courtesy and go out of the way to tell these visitors what nice places we have for them to see and the different things we got to do.

I guess it would really shake a visitor from down below to go into a gas station, restaurant, motel or a store and have the attendant, waitress or owner hand this visitor a Crawford County Visitors Guide and just ask him to look thru it and stick around to see and do the nice things we have for them. Bet this visitor would drop his teeth and I got a feeling he just might stay around or maybe he'd come back later.

That's why I say let's hobble him to Crawford County, and by gosh, the Chamber "Grayling Area Host" program just might be the hobble to use.

Local Insurance Man Supports Educational Foundation Campaign

William R. Moshier, local agent for the Northwestern Mutual Life Insurance Co., has been named as the local representative of the "Keep America Beautiful" program.

Moshier is offering local residents a colorful red, black and white litter bag designed for use in cars. These are available without charge simply by stopping at his office at 110 Michigan Ave.

The local insurance agent's program is in conjunction with an all-out effort on the part of the Auto-Owners Insurance Company to discourage litter on streets and highways throughout the 14-state area where Auto-Owners does business through its nearly 2400 local independent agents.

The litter bags actually serve a two-fold purpose. Not only do they discourage littering, but they are imprinted with safe driving messages to remind the driver to keep mentally alert while behind the wheel.

Which concerns us most — our standard of living or our standard for living?

Norman B. Holmes, C.S.B., of Chicago, will discuss this question in a Christian Science lecture titled "What is Your Standard for Living?" Holmes will speak Friday, May 3, at 8:00 p.m. in the Junior High Auditorium, 7th and Pine, Traverse City. First Church of Christ is sponsoring the lecture, which will last about an hour.

Admission is free and everyone is welcome.

Holmes, a Christian Science practitioner and teacher, graduated from Northwestern University and then served as a Chaplain in the United States Navy during World War II and the Korean War. Former Manager of the Department of Branches and Practitioners of the First Church of Christ, Scientist, in Boston, Mass., he is currently on tour throughout the United States and Canada as a member of the Church's Board of Lectureship.

On April 15, William R. Moshier, son of Mr. and Mrs. Russell E. Moshier, was advanced to the rank of electronics technician second class. He is presently serving at the naval communications station in Yokosuka, Japan.

Coin Week April 21-27

National Coin week will be celebrated this year April 21 through 27. It is sponsored by the American Numismatic Association, a non-profit organization founded in 1891 and sponsored by a special act of Congress in 1912. The theme this year will be "History under Glass." The Saginaw Valley Coin Club will be showing exhibits in many places this week to advocate interest in the hobby. Be on the lookout for these exhibits.

Also, plan to bring family and friends to the club sponsored annual coin show May 3, from 10 a.m. to 6 p.m. at the Ramada Inn at I-75 and M-48 in Saginaw. The public is invited to attend. Many fine exhibits will be on display, as well as dealers to help with your needs. Admission is free.

Michael Palmer Ends Recruit Training

SAN FRANCISCO (FHTNC) — Marine Private Michael L. Palmer, son of Mr. and Mrs. Leo L. Palmer of 1102 County Road, Grayling was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning, survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

Attend The Church Of Your Choice

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The hands are gentle and deft... the bird-banding process painless and quick. Soon the bird will fly off, safe and unharmed, unaware that it has become another link in the chain of research concerning the migratory habits of birds.

Our feathered friend has no interest in the fact that his experience ultimately will help chart the flight lines of all migrant birds. With heart beating wildly in its soft, downy throat, it longs only to be free.

Sometimes people are like that bird. Caught in circumstances beyond our control, we flail and thrash about. Fear and doubt overwhelm us and we fail to realize and acknowledge the loving arm of God that is present and sustaining in every situation.

Place your faith and trust in God and His Church. In times of need, strength and help are yours for the asking.

Recent Changes in Social Security Law
In the Crawford County area there are a number of disabled people who can become entitled to monthly disability payments because of recent changes in the Social Security law.

These changes provide for reduced monthly payments to a disabled widow at age 50 whose disability began before or within 7 years from her husband's death. Under the same conditions, a disabled widower is eligible but he must also have been dependent on his wife for his support.

Over half of the newly eligible people are young disabled workers who did not have sufficient work credits under the old requirement. Under the new provisions, a worker who became disabled before age 31 needs work credits for half of the time from age 21 to the time his disability began, with a minimum work requirement of one and one-half years.

Some of the newly eligible individuals will be reached through contacts with local public and private agencies, but most will learn of their eligibility through news articles, radio and TV announcements or by word of mouth.

American Legion Auxiliary
The American Legion Auxiliary Unit 106 was called to order April 9 by president Johanna Gorman. The minutes were read and approved, also the treasurer's report.

The ladies then discussed the card party planned for April 24 from 1 to 4 p.m. at the Legion Hall, benefit of the foreign exchange students.

The meeting closed so members could see a movie on LSD shown by Arthur Thayer.

After this Easter baskets were made ready for the Easter Bunnies.

Publicity, Frances Barclay

Sanh, Hill 881 is very important to the military. From the hill we are able to spot enemy rock-
et, mortar and artillery positions
and easily knock them out.

Life here on 881 is anything
but pleasant. I've seen hunger,
thirst, death and most of all
loneliness. I have seen the death
of very close friends. I have
even caused death, for I am a
Marine sniper.

During the day we are mortar-
ed and run for our trenches. We
do most of our work at night
when the fog moves in. We dig
trenches, work on bunkers, lay
wire and get supplied by heli-
copters. Because of the helicop-
ters getting mortared almost
continually it makes it very hard
to get re-supplied.

Worst of all we deal with old
man death. I have been very for-
tunate where others I have
known were not.

I would like to live for the Lord
and do his will. There are so
many stumbling blocks. I would
like very much to have the op-
portunity to go to church and be
with my family and friends.

Young Christian people today
don't realize how well they have
it. Just stop and think for a
moment. You have plenty of
food and water, clean clothes.
You don't have to live in a big
hole in the ground. You have a
church to attend and you see
your family and friends.

You don't have to see your
friends carried off on stretchers
and all torn up. The loneliness
really hurts.

We lay awake at night and
think of home, think of our
friends and what they are doing
tonight.

I would like for everyone who
reads this letter or hears it to
try to do something for me. Try
to live a good Christian life for
the Lord and do his will. I un-
derstand all the stumbling blocks
but just remember these few
things. God is an understanding
God. God is the physician who

**"What is
your standard
for living?"**

Some think the best
standard to live by is
what "works."

But what "works" today
often doesn't "work"
tomorrow. Material standards
are changeable and fallible.

The only standard that
doesn't change is the one that
can make the most difference
in your life. It is God's
spiritual standard of
excellence.

In this free public lecture,
Norman B. Holmes, C.S.B.,
a member of The Christian
Science Board of Lectureship,
cites several specific examples
of individuals who have
found that adherence to God's
standard as presented by
Jesus has vastly uplifted their
lives, brought better employ-
ment, improved human
relationships and health itself.

Everyone is welcome.

about schools of financing. This amount, \$317.6 million will come from local taxes, \$378.3 million from liquor, sales and cigarette taxes (earmarked funds), and \$374.2 million from the state general fund.

The April 15 deadline was suggested, rather than rigid deadline, designed to give school officials an idea of how much money they might expect with which to discuss contracts with teachers. In recent years, school administrators have complained that the school aid bill was passed so late that they could not discuss contracts with any assurance of what money they would ultimately receive.

Two other very important features of legislation passed by the Senate before the recess were bills to authorize a public vote on whether to bond the state of \$335 million to combat water pollution and \$100 million for additional parks and recreational facilities.

If approved by the House of Representatives, these bond issues would be decided by a vote of the people. But the bonds if approved, would have to be funded from the state general fund.

The Senate also passed a bill to increase the state minimum hourly wage from \$1.25 to \$1.50 on January 1, 1972. The bill would affect any person firm or corporation, including the state and its political subdivisions employing three or more employees concurrently at any one site.

The bill stipulates, however, that minimum hourly rates for agricultural workers may not exceed the federal minimum wage, and the rates shall be set by a wage determination board named by the governor. This was an amendment to the bill proposed by Senator Toepp.

The Senate also passed two bills designed to increase the annual maximum state scholarship tuition grants to individuals studying in public and private colleges and universities.

The Senate also passed a bill to authorize the secretary of state to suspend the driver's license of any person cited for a traffic violation, who fails to respond to a summons.

While the Legislature will not be in session during Easter Week, several Senate committees, particularly the Senate Appropriations Committee, of which Senator Toepp is a member, will be meeting to work on bills sent over by the House of Representatives.
